Hear it from our learners

"They are very approachable and friendly when we ask any doubt or any clarification. Before joining guvi I have already done a course in another institution. When comparing these two institutions, there is a lot of difference in teaching.I love that the mentor who is teaching the course is not only a mentor but a professional too. This is a very unique thing about guvi. I will rate 5/5 to Guvi."

Vishally

"GUVI is one of the best platforms to start a new course and a new career. GUVI is one of the best Platform Where users are been trained with industry experts. It has its own software to practise and a huge number of exercises to master any topic."

Tejas Samanthapudi

"Guvi helps me to improve my self-confidence in coding skills . The zoom classes are totally comfortable,friendly and easy to learn .It helps me to understand the basic and the core concepts and it helped me to. Build logical skills.I got great mentor's which helped me to bridge between the academics. I'm very proud 😊 Thanks to Guvi."

Gokila

"I have attended several classes conducted by Guvi. It is really helpful to gain knowledge as it is different from other online courses. Here, we have mentors in live sessions, so we will be more concentrated than other online courses where we watch pre recorded videos. Also we are getting weekly tasks that would make us learn even if there is no class.
I am thankful for all the people in Guvi for building up such a valuable program for our career."

Gokul

"Guvi offers a cordial, supportive and friendly environment to learners. With excellent support and 24*7 assistance from the mentors guvi does not leave any stone unturned to improvise your learning. Thanks for being such an inspiration to us."

Gokak Mohd Ishtiyaque

"I always liked coding but I didn't really get a good platform to learn things as per industrial requirements. When I was in search I got to know about Guvi, I really felt trustworthy by their response When I joined the course the weekend live classes and recorded course videos has made learning easy to me. Eventually I started spending more time practicing in Codekata. I loved the way Guvi took care of clarifying doubts asap. Thank you!."

Sonia kola

"Hello folks, if you are thinking of a career transition then, "GUVI" is the best platform to get nourished, indulged and protruded in this upcoming field and also, it doesn't matter from which engineering background you are or whether you are a working fellow. The best thing I found here is you will always get motivated unknowingly and become curious to learn more & more from the tutorial videos conducted by the IITM professors. GUVI helps me to think about the problem in multidimensional ways. Thanks to the GUVI team"

Shubham Nehete

"The course is very good, the concepts are being explained in a crisp manner. The instructors have good depth in the subject and solve every doubt one might have. Thanks to GUVI for setting a great structured program."

Diliban Sibi

"The course videos help you to learn the tools by yourself and you can track the progress.The mentors are very patient and ensure that students understand the concept, sometimes going the extra mile and explaining. Sometimes the mentors try to teach in your native language, if needed. The practice platforms are easy to learn and practice.

Sridharan K

"This course is designed being dynamic, interactive and range of materials to refer. This is very well structured in such a way that it makes the participants to perform, discuss, and to participate in assessments that will help the participants to maximize the utilization. This program is suitable for all students, freshers and working professionals. . I enjoyed seeing videos in GUVI website from experts that also explains the concepts in a detailed manner."
